It's time to dance!

The Stone Age Romeos will sweep you right onto your feet so you can dance the night away!

We bring the music and the fun - plus a huge set list - to make any event a night to remember. So get up on the dance floor, and let us move you from Neil Diamond to Dr. Dre to Guns N' Roses to Jason Mraz, and then sprinkle in a little Tim McGraw to mix it up!

We have that special something for all generations from young to seasoned, and can switch up our songs to match the mood of the crowd as we go. Your only complaint will be sore feet the next day!

We have a dedicated sound engineer and a top-of-the-line PA and lighting system that enhances our performance. And given the time, we're more than willing to learn requested songs for weddings and special events. We can also either play any type of digital music or CDs (yours or ours) that you want to hear as guests arrive or between sets, or arrange for live instrumental music provided by professional musicians.

Please contact us or check our website for more info - we look forward to working with you!

The reviews are in!

If you're looking for your wedding entertainment...look no further. These guys are the best of the best and you won't find a better band in town! From the first to last song the dance floor was full. Every single one of our guests danced the night away. Hiring the Stone Age Romeos was the best wedding planning decision we made! They are professional in every sense of the word and extremely organized and accommodating. Huge song selection and amazing vocals. We knew they'd be great...we had no idea they would be this incredible! I could go on for days...just hire these guys, you and your guests won't be disappointed! They turned our reception into a non-stop dance party. We look forward to attending more of their shows around Raleigh!

.....

Stone Age Romeos made my wedding reception so much fun! My guests loved them and I had so many people come up to me and say how much they loved the band! They are so professional to work with and were so accommodating to all of my last minute changes! They will absolutely get the crowd dancing! They were so much fun!

.....

This band was INCREDIBLE. We were planning a North Carolina wedding from Philadelphia and they were always responsive, accommodating, and flexible. We hired them without having ever seen them live, and they absolutely blew us away. Our wedding guests danced all night long and just fed off of their energy. We have gotten endless compliments on our music!! We would recommend them a thousand times over.

Jeff

Jeff, our lead singer and fearless leader, is a Virginia Beach native and has played in bands off and on for the past 25 years. Once leader of the Stone Age Romeos in Virginia Beach, he started the magic again in Raleigh in early 2006 and has been rocking it out to happily crowded dance floors ever since.

Todd

As an "Air Force Brat" Todd spent his childhood traveling the US and Europe, landing in NC at 15. He started playing in bands, studied his way to a Masters, and now teaches music in a Wake County high school. He has rocked the Raleigh stage like crazy in several bands, and we are lucky to have him as a Romeo!

John D.

Originally from the DC area, John started playing air guitar to rock bands as a kid, and was rockin' the stage for real in his teens. He played in a variety of bands in DC and Myrtle Beach before moving to Raleigh and joining SAR in 2008. He absolutely loves this band.

John C.

A native of Rochester NY, John C. has been drumming for 30 years. He studied music at Eastman and ECU, and later cut his teeth in Nashville. He's played everything from classical to cruise line bands to a swing band mini tour of Europe, as well as jazz trios and other projects.

Kevin

Kevin is often the life of the party, bringing his unique sense of fun along with his musical talents. Along with vocals and guitar, he can really rock the maracas with his dance moves. Kevin hails from Wilson, NC, and loves playing and singing with the Romeos.

It's time to dance!
